

VSI User Tips

Password:

Asterisk (*) is a part of the password and must be entered (hold down shift key, press 8)

A zero "0" is thinner than the letter "O" please be sure and enter the proper character.

Categories available to see:

Attendance, Grades, Student Schedule, Demographics, Discipline

Grades -

Semester 1:

MP1 (1st 9-weeks), MP2 (2nd 9-weeks) can be sorted by semester or marking period.

Semester 2:

MP3 (3rd 9-weeks), MP 4 (4th 9-weeks) can be sorted by semester or marking period.

To view grades in a marking period

Click on the marking period you wish to view grades in. Click on the grade average you want to see, click the **+ sign** on the left side (**this expands the folder allowing you to view the contents**).

Click on the assignment you wish to look at, information will display on the right hand side under task detail.

Final Grade:

The final grade which shows the average of all marking periods together, will continue to change as grades are entered. This grade is not a complete grade until the end of the school year.

A final grade may not appear if the course is only one semester or, the student has had a schedule change.

Grade Weighting -

Weighting of major and minor grades is determined by district policy and varies according to subject. For more information refer to page 58 in the 2007/08 Boerne ISD student handbook.

Additional Help -

Click on the help tab for additional help information

Additional questions -

Questions concerning grades and attendance should be directed to the teacher.

Teachers will have grades entered one week from the due date and two weeks from the due date for special projects and written assignments.

Remember - You can get to VSI.net via the campus webpage or by typing in www.boernevsi.net
