

ATTENTION ALL 6TH GRADE STUDENTS AND PARENTS

New **additional** immunization requirements from the Texas Department of State Health Services :

Beginning **August 1, 2009**, all students entering the 7th grade are required to have received the following **additional** vaccines:

- Tdap
- Meningococcal Vaccine
- Varicella Vaccine - 2 doses or proof of having had the chickenpox disease

Please check with your physician as to which vaccine your student has not received. After receiving these vaccines, please bring a copy from your physician's office to your campus nurse. Providing proof from your physician's office of these vaccines to your school nurse prior to the end of this school year, will make your student's orientation in August go much smoother.
